# Bulls Eye Ranch

We are now in our 32nd year of operation. We think our bulls are a very important part of the ranch and our success. At BER our bulls are fertile, functional and will add valuable traits to your herd. We want our customers to be successful in their herds. We are very passionate about the Brahman breed. Raising and showing Brahman cattle is something we enjoy doing as a family. We are honored and humbled to be recognized as one of the elite Brahman Breeders in the United States and to have such a demand for our genetics worldwide. Seeing the success of our customers in the USA and Internationally is what makes us most proud of our BER genetics. Here at BER we are working daily to improve our herd using performance data and the standards of excellence.

**+Mr BER Cash 336 is one of the leading sires to impact the Brahman breed both in the show ring and on the performance side. His progeny have won at Scanning contest with High Retail product and high marbling. He sired the 2022 International Grand Champion Red Brahman Bull. He has sired Champions both red and grey. Cash is the kind of bull that can produce Champions Male and female out of multiple cows. His calves have that distinct look with lots of bone and muscle at birth. He has produced multiple Champions around the world. At BER we are currently using his sire, Mr. BER 272, in our embryo program and have calves out of Cash 336 and 272 on our show string. His dam JDH Lady Rosa Manso 845/7 has been one of our best producers of show cattle. Cash has a prestigious pedigree with powerful cow families.**

**Mr BER Dominate 880 has done just what his name says. He has been a force to be reckon with. He has won numerous Grand Championships at an early age and just keeps getting better. He walks perfectly with good feet and legs. Just what we need for the future of the Brahman breed. He is so attractive to look at and when you walk behind him he is thick as a train. Dominate has so much volume for a young calf, power and meat through out. He is also one of the sweetest bulls. Dominate does what ever our 8 year old grandson wants. He also has impressive EPDs ranking in the top of the breed for many important traits. We have had a tremendous amount of interest in semen on Dominate. He just has that show look with a square hip, big bone and so much volume and power!**

**+JDH LADY ROSA MANSO 845/7**

This bull is pretty fronted with smooth shoulders, great hump placement, clean sheath and plenty of bone and muscle throughout the middle and down his stifle. He was the fourth place point earning bull in the 2017-2018 ABBA Premier Show Bull of the Year standings and only showed for half of the show season! He is proving himself as a herd sire and our embryo calves by "Princeton" are moderate in size, as they have all been around 60 pounds at birth and have the same pretty look and style as their sire. His calves are doing a great job for our customers and everyone is pleased with his offspring. "Princeton" is out of our famous +JDH Lady Rosa Manso 845/7 cow. She is a great bull producer and is also the dam to our +Mr. BER Cash 336 bull, who was inducted into the 2018 ABBA Register of Renown as the second highest point producing sire. 391's sire, +Mr. V8 670/6, has proven himself both in production of show champions as well as being crowned the 2015 ABBA Carcass Contest champion. He is the perfect example of the modern bull for future of the Brahman breed. He has an outstanding pedigree showing eight Register of Renown and one Vanguard. "Princeton" is from a great sire and dam, so you can't go wrong with his semen!

Pablo is an outstanding Sir Paul Manso son, who is a Lawford son out of Liberty daughter. On the dam side you have +Mr. V8 777/4 "Powerstroke" and JDH Sterling Manso 31/1 to complete this tremendous pedigree. He is our first bull we purchased from Agropecuria NL ranch out of Mexico. When we first saw Pablo he was a division Brahman Champion at the Mexico National Cebu Show. He is a larger frame bull with a clean sheath and great depth of body with length. He stands on really good feet and legs. We have used this bull extensively in our IVF program with great results. His calves weigh 52-71 lbs and grow fast. He will give you lots of muscle, volume and a clean look. He has already produced champions in the 2017 show ring including Miss BER 489 who was Calf Champion at Sugar Classic, Ark La Miss, Reserve Calf at East Texas and Jambalaya. She was second place in a very competitive class at the 2017 ABBA National Show where her paternal sister, Miss BER 482, was crowned ABBA National Reserve Calf Champion. Pablo has also produced Mr BER Justify 506 the 2018 ABBA National Calf Champion bull. We have sold semen rights to one of the top breeders in Australia on this bull, so you really can't go wrong when breeding with Pablo!

When you see this bull he will amaze you. This is by far the one of the most powerful bulls in the lineup with tremendous depth and length of body. He has a very good disposition. When we traveled to Central and South America we found that JDH Wellington Manso 527/1 puts more meat and muscle in his progeny than any other bull we had seen and his calves dominated in Colombia and other countries. This bull's pedigree is stacked when it comes to the *Who's Who* in the Brahman world with JDH Mr. Echo Manso 237/1, (+)JDH Sir Liberty Manso 847/5 and (+)JDH Remington Manso 784/2 on the top side. And the bottom side is just as powerful with (+)JDH Sir Marri Manso 557/4, JDH Domino Manso 42/4 and (+)JDH Madison De Manso 737/4. As you can see he has a royal bloodline and you could not make a better pedigree if you tried. His first calf crop produced a class winner in the first class of the 2018 ABBA National Show and he also had the 2019 Fort Worth Reserve Calf Champion bull as well as the San Antonio Calf Champion. Truly a special sire that we feel will impact the Brahman breed for the better.

If you are looking for a cattleman's type bull then look no further than Coposo Crown. He is a moderate bull with loads of muscle on him. He is a pretty fronted with a good head and super smooth shoulders. 16/6 walks with ease and really floats across the ground as he has a great set of feet and legs. Cattlemen will appreciate that he carries his muscle down to the ground and has a very good sheath. His long body and depth to match will really make him a great addition to any breeding program. He has good breed characteristics with his dark pigmentation, black ears and dark scrotum. Coposo Crown has royal breeding, as he is by JDH Sir Corona Manso 369/7, who is a (+)JDH Sir Lawford Manso 616/6 son. We feel sure he will make a tremendous addition to any breeder's AI or ET program and he is a great bull for breeding to heifers.

+MISS V8 571/3

**+Mr. V8 670/6** is loaded with muscle and volume and has made a huge impact on our Brahman herd! Not only has he produced many Champions, but **+Mr. V8 670/6** also was the champion and the Overall High Indexing Sire in the 2015 ABBA Carcass Evaluation Program. In 2017 he was the #2 Top Producing Gray Sire in the ABBA Show Circuit and was the #5 Top Producing Gray Sire for the ABBA Show Circuit on a 5 Year Average. His calves are low birth weight and grow out with high weaning and yearling weights. But if that wasn't good enough, just look at 670's pedigree, as it is second to none! On the top side he has **+JDH Charley's Jazz 946/1** and on the dam side is the legendary **+Miss V8 143** who has won International and National Championships. He has an impressive 10 Register of Renowns, two Vanguard and one Maternal Performance Sire. We really can't say enough good about this bull and all he brings to you in this great genetic package.

# +MR. V8 846/5 *The Rock*

MS V8 735/2

**+Mr. V8 846/5 was the 2005 ABBA International / HLS&R Grand Champion Bull. He was the most consistent winner of 2003-2005 show season, winning the ABBA International Championship, San Antonio Stock Show, State Fair of Texas, AJBA "All American" and many more. He was also the ABBA Reserve International / HLS&R Calf Champion in 2003. As a sire he is powerful, as he sired the 2008 ABBA Premier Show Cow of the Year, Miss BER 218 who was owned and exhibited by Bulls Eye Ranch. A Rock son was a high selling bull of Australia's 2009 world renowned Brahman Week Sale for Tony Brown of Pioneer Park. With his unique genetic blend of J.D. Huggins and V8 bloodlines, and an outcross to Powerstroke and Superstroke, Rock has proven he has something for every herd. His tremendous muscle shape, style, length of body and structural soundness, with a tight sheath just makes him an easy choice for any female. Rock has produced some great donors for the ranch. We also collected him and flushed to him when he was 15 months old. TransDva said it as the best Brahman Semen they had ever seen. We still use this bull at BER.**

# \*ANLDSR WISKY FIV 269/5

**\*ANLDSR WISKY FIV 269/5 ranks in the top 5% of the breed for Scrotal Circumference, 10% for \$Queen Index and \$Bull Index, 20% for Weaning Weight, Frame Score, Tenderness, Yield Grade, Carcass Weight and Marbling**

**269/5's sire,  
[+]JDH Sir Lawford  
Manso 616/6 was the

Wisky is one of those bulls that stands out when you see him. He is just a beautiful bull with that *special look* about him. The number one prospect of our list of genetics to own was [+]JDH Sir Lawford Manso 616/6 son, so when we saw Wisky at a show we knew he was the one. The owner of NL Ranch in Tizimin, Mexico allowed us to purchase this great young bull. He is moderate and beefy with style and a look that is just amazing. He has one of the best disposition of all the bulls we own. He brings a lot of good things to the table such as bone, clean fronted, lots of power and performance, plenty of spring of rib, clean underline and he is extremely wide down his top-line. Wisky's first calf crop are quite impressive and available for viewing at the ranch so make sure to stop by and see how his genetics are impacting our Brahman herd at Bulls Eye Ranch.
